Keynote Speaker and Expert Panel

KEYNOTE SPEAKER

Sarah Long

In July 1999, Sarah assumed the office of President of the American Library Association. She has been active in state and national library organizations for many years. Long has adopted the theme "Libraries Build Communities" for her tenure as president.

Moderator

Danny Wallace

Danny Wallace serves as Special Advisor to the Dean for New Media Programs. Dr. Wallace assumed this position in August 1999. Prior to this appointment, Dr. Wallace had served as the Director, School of Library and Information Science, Kent State University since January 1996.

Cathy Bishop-Clark

Cathy Bishop-Clark is an associate professor in the Systems Analysis Department at Miami University, Middletown, OH. She earned her bachelor and masters degrees in computer science and information systems and her doctorate in education from the University of Cincinnati.

Christie Crute

Christy Crute worked in industry as a programmer, a systems analyst, and finally an IS project manager prior to starting her academic career. After earning a Ph.D. in Operations Research and MIS from Kent State University, she joined the Ashland University faculty as a computer science professor in 1989. In 1993, she volunteered to coordinate campus computing.

Martin Dillon

Martin Dillon serves as the Executive Director, OCLC Institute in Columbus, Ohio. As the inaugural director of the OCLC Institute, Dr. Dillon is forging new ways to facilitate the evolution of libraries through advanced educational opportunities. Martin is former head of OCLC marketing and research units and a former professor at the University of North Carolina, School of Information and Library Science.
